

# THE AMBASSADOR PROGRAM

The Resurrection is the broader movement that will use the vehicle of the movie to unite believers and non-believers around the world to see the resurrected Christ. In addition, it consists of an expansive Ambassador Program, and a game created around the movie.

Perhaps most exciting of all, is that we are providing a way of entry to participate in this movement which is accessible to just about everyone. Whether you become an Ambassador, Spiritual Producer or Special Partner, there are multiple paths which are designed to give you direct access to participate in this movement. We invite you—however you are called—to step up and become a part of this endtime, global movement.

Ultimately, this project is God's. Through His direction, purpose, timing, and will, this movement will ignite and continue to flourish. We aim to obey God in all that we do, sharing His love and encouragement which are the cornerstones of this project and its message. We believe that it is God's desire that anyone who wants to should participate in the building of this movement, whether you are a believer or not. This is about His sacrifice and love.

Nearly 2,000 years ago, God came down in the form of a human being, Jesus Christ, to live among His creation. He came in love, mercy, and grace to set mankind free from the chains of sin and to restore us to God the Father. The birth, life, ministry, death, resurrection and ascension of Jesus Christ are the most discussed events in the history of the world. Until we see Him face to face, we will continue to write books, discuss and create art in seeking to understand who Jesus was, how He lived, why Christ was crucified, and the eternal implications of His resurrection have for humanity. Through the testimony of billions of positively changed lives and the truth of Jesus' resurrection, His story lives on today, tomorrow and forever.

Although movies have only existed for little over a 100 years, stories retold by word of mouth and the written word have existed for much longer. In an effort to recapture the comedy and drama of our past, these stories have also been retold in the form of a motion-picture movie—a two-hour, audio-visual masterpiece that appeals to the senses like no other art form. Movies have the ability to touch the soul in a deeply profound way when made correctly.

Although history has been partially retold through these motion picture narratives, it is not until recently, with the development and implementation of special effects technology, that film makers have been able to approach the stories of the Bible in hopes of even beginning to capture the miracles depicted therein! It is because of these strides and successes in modern technology that we will be able to give a glimpse into the intense spiritual events surrounding the greatest story ever told: The Resurrection of Jesus Christ.

We invite you to explore the options available on this site to become involved. There are three main paths:

- **Ambassador** – Promoting via word of mouth and social media

- **Special Partner** – Are you a business, ministry or corporate entity? This path may be for you.
- **Spiritual Producer** – You have committed to praying for the project, the leaders and people involved, as well as encouraging others to pray as well.

We love and thank you for taking the time to explore this page. It is our earnest desire that will join us on this journey to deliver the game and the movie, The Resurrection of Jesus Christ.

Please support this God-mission and global movement by making a donation to this wonderful cause. By making a donation, you become part of the team that we call a “Spiritual Producer.” As a Spiritual Producer, you will also be listed at the end of the film’s credits. We ask that you continue to pray for us, and tell everyone about what we are doing.
