

# THE RESURRECTION OF JESUS CHRIST

Dear Friends,

We send blessings to you and yours as we celebrate Christ's Resurrection this Easter. I, along with The Resurrection of Jesus Christ film production team, am excited to further spread the Gospel of our Lord Jesus Christ and the power of His Resurrection. Many exciting things are in the works right now.

The project is on the verge of tremendous breakthrough. Several of the pieces are in place. We have an excellent leadership team and we are preparing to enter negotiations with leading Hollywood directors. Our script is ready, the accompanying bible study is being written and our technology platform is about to be built.

We are at a critical juncture right now. Several major investors are prepared to fund the project. We are about to take the final steps to secure funding from these investors and from a very large foundation.

Now is an excellent time for you to participate! Honor Christ's sacrificial death and victorious resurrection by investing in this film that will demonstrate His magnificent act of love to the world. Will you send a donation today? Your donation of \$50, \$100, or more will allow us to break through and to produce the film and other aspects of this global effort that will further evangelize the world and unify the Body of Christ.

Thank you! We welcome your partnership in giving and in prayer. Pray for the provision and power of God over every aspect of this Kingdom assignment. Donate today by going to our website <http://theresurrectionofjesuschrist.com/> and follow the prompts starting with the donate button.

Thank you for participating in this Global Prayer and Evangelism Movement of Love.
